Alumna of  
SMK Green Road, Kuching

**Eswaran a/I Sanker**  
**Foundation in Arts**  
Alumnus of  
Wesley Methodist School  
Ipoh

The SASA programme was a holistic approach to my growth as an individual. I have learned to be a leader, team player, and friend. It has pushed me beyond my limits to take up challenges and roles in different situations.

SASA has been a great platform for self-development. Not only have I been able to give back to the community by helping the needy, I've also been trained to play different roles in a team, as well as develop my soft skills. SASA groomed me to become what I am today and prepared me for the working world.

SASA has been an immensely helpful platform for my self-growth. The activities and duties we've had nurtured our leadership skills and developed in us a mentality to regard the improvement of ourselves and the community around us as second nature. SASA encouraged me to do good deeds, helped me thrive, and most importantly, made me want to be a better person.

SASA gave me the opportunity to be a part of an amazing team of individuals. SASA has also helped me gain confidence in socialising with others and understanding that leadership is the key to success. Also, SASA has facilitated numerous events which made me realise that one should always volunteer to reach out to those in need. I'm so glad that I was part of SASA.
